Comet collusion of Jupiter

1105. SHRI CHMANBHAI MEHTA: SHRIMATI MIRA DAS:

Will the Minister of ENVIRON MENT AND, FORESTS be pleased to state:

(a) whther any environment effects are perceived on our earth duo to comet collusion of jupiter;

(b) what is the contribution during current year in monetary terms by developed countries *to* keep earth eltao and gDMBf

(c) whether they have contributed 12 billion US dollars as per their commitment;

(d) if not, the reasons therefor; and

(e) whether it is feasible for the developing countries to contribute 500 biliion US dollars for the above purpose as per the decision of the world environment conference held under the auspices of UNO?

THE MINISTER OF STATE OF THE MINISTRY OF ENVIRONMENT AND FORESTS (SHRI KAMAL NATH); (a) No, Sir. According to information received from the Department of Space, the impact of the comet P/Shoemaker Levy-9 with Jupiter is not expected to produce any effect on the earth's environment.

(b) to (e) Agenda 21, which is the programme of action adopted at the UN Conference on Environmental Development (UNCED) in June, 1992 broadly estimated the average annual cost o£ implementing the activities of Agenda 21 in developing countries to be over dollar 600 billion over the period from the year 1993 to 2000, including about dollar 125 billion on grant on concessional terms from the international community. As part of ongoing bilateral and other programmes, assistance towards environmental protection is received by developing countries, though the actual sums received are considerably less than that estimated in Agenda 21. The capacity of developing countries to contribute large sums of money is also limited.

गंगा कार्य योजना
